Tubages BS / DCDMA
BS / DCDMA Casings

SÉRIE W / W RANGE

DATC produit tous les types de tubages de forage BS / DCDMA selon les standards internationaux. Utilisant de l'acier de qualité européenne et un procédé de fabrication contrôlée, DATC propose 2 niveaux de technicité pour répondre aux exigences de chaque utilisateur.

DATC manufactures all types of BS / DCDMA Wireline casings in accordance with international standards. Using European steel quality under a controlled manufacturing process, DATC proposes two levels of technicality to meet the requirements of every user.

Process de fabrication : étirage à froid
Production Process: cold drawing
